Hello everyone! Welcome to the BEAR SO Codebusters C Test!

The first question is the timed question. Teams will have up to ten minutes to answer it to receive bonus points as described in the rules. Click "Save answer" when you want to check the answer to the first question. It'll respond with Correct or Incorrect. If it's correct, the system will record the time of the latest time you click submit. Do NOT click "Save answer" again once it's correct because it'll record the latest time you click "Save answer"
