# BirdSO Invitational - Helicopters C

Event Supervisors: Andrew Welter and Jacob Gianan

07-13 March 2021

## Instructions

The codeword is on the next page.

When you are finished, turn in information relevant to this event that you have prepared to this link: form link (don't worry, the link is in a lot of different places). This may or may not (note the bold!) include but is not limited to: practice logs, competition video[s], measurement pictures, construction check pictures, google doc with link to videos, etc.). ENSURE LINK SHARING IS ON AND CORRECT! Teams whose files we can not view will receive participation points.

# Introduction

**The codeword is:** "Canada Jay" Start your timer!

When you are finished, turn in information relevant to this event that you have prepared to this link: form link (don't worry, the link is in a lot of different places). This may or may not (note the bold!) include but is not limited to: practice logs, competition video[s], measurement pictures, construction check pictures, google doc with link to videos, etc.). ENSURE LINK SHARING IS ON AND CORRECT! Teams whose files we can not view will receive participation points.

---

1. (1 point) You and/or your partner built the helicopter.
